PRESS RELEASE
REAL ESTATE DIVISION

The Superior Court Clerk's Office is pleased to announce the introduction of our new state-of-the-art Land Record System (LRS) for all filings in our Real Estate Department. We're due to "go live" January 6 so please be patient during this time. Although we don't expect any hiccups, you might experience a few processing hurdles for a few days. But don't worry, current Users will probably not notice a difference. The new LRS is simply a faster system making document handling easier and more efficient. It also allows for the processing of credit cards which leads directly into our next new development...that of E filing ! So, stay tuned; we have many technological improvements to unfold over the next year. We are excited about making our services the most advanced in the State and to provide the best services possible to our constituents. Happy 2016 !
